

VITRO **X1**

X1
VITRO
BEAN TO CUP
ELEGANT AND COMPACT
MACHINE THAT OFFERS
PEACE OF MIND AND HIGH
QUALITY COFFEE

This elegant and contemporary compact coffee machine has been developed to deliver a premium coffee experience. The Vitro X1 offers a range of drinks from top quality espresso to velvety chocolate and is the perfect choice for medium use environments. Hygiene is at the forefront with the X1 - Intuitive distance selection touchless technology gives users peace of mind and the removable front tray makes the unit easy to clean and maintain.

LIQUIDLINE®

EASY TO CLEAN AND MAINTAIN

The removable front waste tray makes keeping the unit clean simple and easy.

EASY TO REFILL

Hoppers on the top of the machine allow for quick refilling without the need to open the side panel.

TOUCHLESS SELECTION

Drinks can be selected using touch or Vitro's patented Distance selection technology.

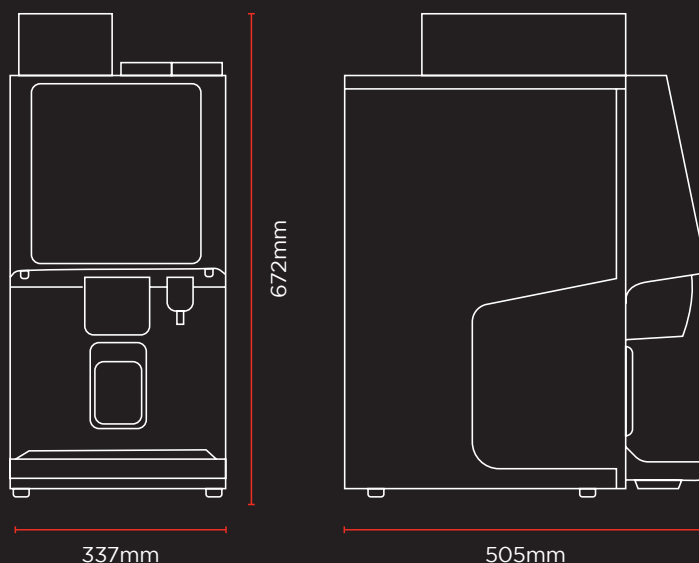

EASY LABEL CHANGING

Easy to change drinks labels mean you can adapt your drink offering to the tastes of your customers.

DIMENSIONS

WEIGHT

DISTANCE SELECTION TECHNOLOGY

Distance Selection Technology allows users to select a drink of their choice without having any contact with the surface of the machine. By simply hovering their finger, from a distance of up to 2cms, over their desired selection on the screen, users can enjoy their favourite drinks safely and hygienically.
